Invite you to their  
First Production Sale

WEDNESDAY

APRIL 4, 1956

Millington, Tenn.

*WaWyle Farm*

## **Welcome . . . . .**

Dr. W. D. Poston joins with us here at WaWylo in extending a hearty and sincere invitation to all lovers of Shorthorns and Polled Shorthorns to attend our first production farm sale.

In an endeavor to get off to a good start in what we hope will be an annual event, we are offering a number of animals that we had planned to retain in our herds.

We are most appreciative of the excellent patronage we have enjoyed through the years for our cattle at private treaty and in consignment sales. We maintain an interest in every herd into which our animals go, and we watch with enthusiasm their performance.

We hope that you will arrive a day early so as to allow yourself time to study our sale offerings, and to see Dr. Poston's herd at Brownsville, and our herd here at WaWylo. We look forward to visiting with you, and your family here at WaWylo Farm.

47 Lots . . . 19 Shorthorns . . . 28 Polled Shorthorns

I look at this sale as an important turning point for the breed in the Mid-South. Make no mistake about it, however, the quality of the offering is such that they can and should go to breeders the nation over. The important feature for the Mid-South is that this is an area of great potential breed expansion and that this sale places an outstanding source of supply from which strength can be developed throughout the area.

W. H. and Walter Dilatush.

Above, two typical daughters of LoMar Favorite are posed beside the Poston trailer. Dr. Poston has campaigned his Shorthorns over thousands of miles to exhibit at Southern shows. Below, Dr. Poston and two of the heifers that will sell in this sale.

These herds were both founded about ten years ago. They have proved themselves by showing and winning in stiff competition from Florida to Memphis. Their consignments to association sales have always been the top or right at the top.

The people behind these herds are real breed leaders. W. H. Dilatush is a member of the Board of Directors of the American Shorthorn Breeders' Association. His son, Walter, is a Director of the American Polled Shorthorn Society, is President of the Mid-South Fair in Memphis.

The determination of these breeders to produce the best is illustrated by a conversation I had

with Dr. Poston shortly after he entered the Shorthorn business. "Locate one of the best bulls of the breed", he said, "and I will buy him." This resulted in the purchase of LoMar Favorite, a great bull that has done a splendid job. We had the same conversation again last year. He bought two of the top bulls of the year in Level-dale Asset and Baron Leveldale. The Dilatush family has had the same aggressive attitude towards the selection of their herd bulls. In Juggler's Type x you will see a bull that I feel is a close approach to our ideal as a model.

The cattle are right, the pedigrees are tops, the owners are the finest. This is a sale you shouldn't miss.

## **GENERAL INFORMATION**

**TIME:** Sale at 12:30 p.m., Wednesday, April 4, 1956. Plan to arrive early. The cattle will be outside where you can see them leisurely. The herd bulls from both herds will be on hand.

**LUNCH:** Will be served on the farm by ladies of the Church.

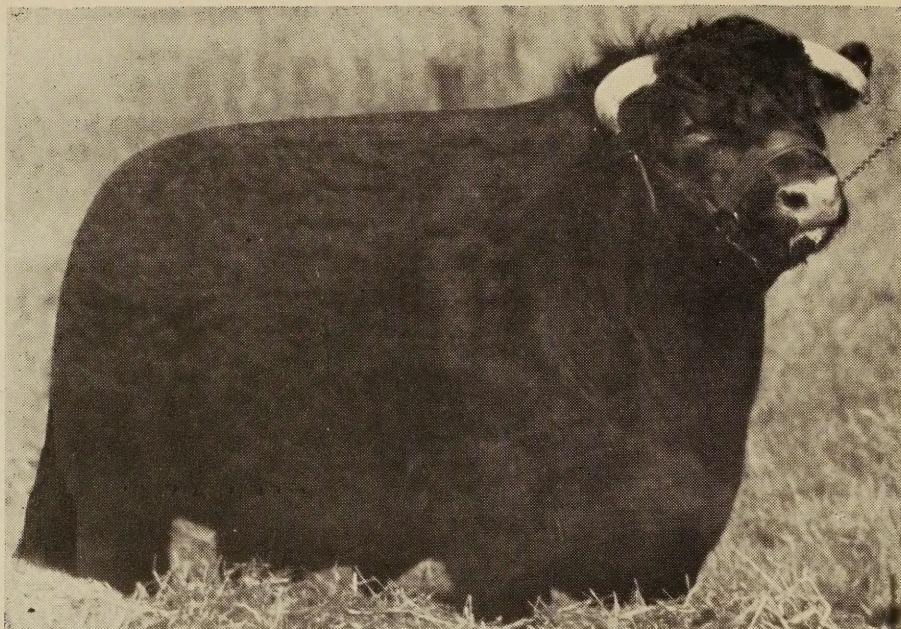

**LOCATION:** WaWylo Farm is located 18 miles north of Memphis, Tennessee or 3 miles northwest of Millington, Tenn. To reach the farm from Memphis, take U.S. 51 north, see farm sign on U.S. 51, 1/2 mile north of Millington, Tenn. and this sign will direct you to the farm. We ask all who travel by train or plane to advise us in advance so that we can meet them in Memphis. We invite you to arrive the day ahead of the sale so that you will have an opportunity to inspect the WaWylo herd and the fine herd of Dr. W. D. Poston at Brownsville, Tenn.

**HEADQUARTERS:** Rip Van Winckle Motel. Just three miles from WaWylo Farm. On highway 51 at Millington. Write them for reservations or we will be glad to make them for you if notified in advance.

**GUARANTEE:** All cattle will be sold under the Standard Guarantee of the American Shorthorn Breeders Association printed elsewhere in the catalog.

LO MAR FAVORITE—Purchased at private treaty in 1951 for \$4500 from Lo-Mar Farms, Sharpsburg, Illinois. He was a member of the first prize junior get at the 1950 National Shorthorn Show in Memphis. He was a grand champion many times for us in strong fairs throughout the South. A daughter was the grand champion female at the 1955 Mid-South Fair, Memphis. His sire, Kelburn Banker Royal, was the grand champion bull of the 1946 International Livestock show where he was sold for \$9100. The dam of Lomar Favorite is considered the best cow in the LoMar herd. She was the grand champion female of the 1946 Pike County show and sale. LoMar Favorite is even better than he looks in this picture and has stamped every calf with his likeness.

**LEVELDALE ASSET**—One of the most popular bulls of 1955. We purchased him for \$5200 in the 1955 Mathers sale. At the International there were 31 junior bull calves exhibited. Asset stood second, defeated only by his half brother, Leveldale Liberal. His dam is one of the best in the Leveldale herd. She produced Leveldale Augusta 34th that sold for \$3900 in the 1953 Mathers sale and Leveldale Anthony, winning senior calf for Mathers in 1954 that sold for \$1500 in their sale. We are sure you will like this great calf. A number of females will be sold with a breeding privilege to this bull.

**BARON LEVELDALE**—An imported-in-dam bull. Purchased for \$3100 in the 1955 Mathers sale. Placed seventh in a class of 15 at the 1955 International. An extremely thick bull, standing squarely on four short, sturdy legs. He is a son of Beaufort Barony, the bull that Hanson Heights Farms purchased at a five figure price and currently the senior herd bull at Hanson Heights Farm. His dam is one of the few daughters of Calrossie Good News in this country. She is the only white cow that Les Mathers ever bought in Scotland for the Leveldale herd. A number of females will be sold with breeding privilege to him.

C F COLLYNIE 9th x—Purchased at the 1952 National Polled Shorthorn Congress for \$2100, where he was a first prize winner. He weighed 915 pounds at 10 months of age. He was rated by his breeder quote "easily the most valuable animal ever to leave our farm." His calves which you will see at WaWylo prove the accuracy of this statement. His sire, Hilldale Collynie 8th x was the reserve grand champion bull of the 1948 International. His dam is a sister to the dam of the 1951 National Polled Congress champion bull, C F Collynie 2nd x. One son and six daughters sell.

Juggler's Type is shown on this page in a number of unretouched photographs. He weighs 1,940 pounds in ordinary breeding condition. This is due to his great spring and depth of rib, his substance and his smoothness of fleshing. We feel the great chest capacity possessed by Juggler's Type is most important and is something that ordinary cattle lack.

He was the grand champion of the 1954 Omaha Show and Sale where he was purchased for \$1,975. We wouldn't think of parting with him for many times this figure.

Even though he is just a three-year-old he

has already well on his way towards a great record as a sire. One of his first daughters was the grand champion female of the 1956 Omaha show and sale. You will see ample evidence of his ability at WaWylo.

Most important is that he is a 100% de-horner. 30 calves sired for Lou Laughlin, 41 at WaWylo, and many of these 71 out of horned cows, prove he is a 100% dehorner beyond any doubt.

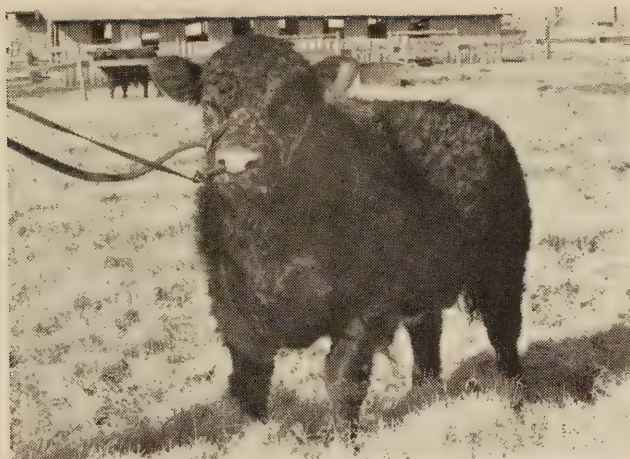

He is certainly a close approach to the model all purebred breeders are striving for. Three sons, three daughters, three calves at foot and ten females bred to him sell.

Juggler's Type x and WaWylo Max Rosebud x by Coronet Max Juggler 7th x, the sire and dam of WaWylo Juggler's Type 2nd x, lot 1, shown as a calf above. This infusion of Killearn Max Juggler blood is clicking beautifully.

A smooth headed, dark red, double bred calf of Killearn Max Juggler and out of probably the best heifer in our herd. He was pictured on the cover of The Short-horn World (July 15, 1955 issue) with his sire and dam. He is good headed, thick, short-legged calf that we are very proud to have bred. He won his class at the Mid-South Fair in Memphis the only time shown.

RANEWOOD RANSOM—A dark red, 3 year old bull that we purchased to strengthen our consignment in this sale. He is a smooth bull with a lot of scale, weighing 1,842 pounds, in good breeding condition. We have used him quite a bit and probably should be keeping him in our herd. Three of his daughters and one of his sons sell in this sale. As far as we know he has never sired a horned calf. You will see from his calves that he is a real breeding bull.

LADY NUNNDALE FAVORITE 6th—Is a very neat heifer out of a Strowan Rosewood Stella dam that was in our 1955 show herd and placed well wherever shown. She is a full sister to Lady Nunndale Favorite 2nd, who was champion at the Mid-South Fair last year. Breeding date to be announced sale day.

Princess Nunndale 34th. Bred in the Poston herd and sired by Edellyn Royal Leader 93rd. This was the first bull used in the Poston herd. She is the kind Dr. Poston was producing when he started, and crossed on these Royal Leader heifers are the great bulls that followed in his herd. This heifer was many times a champion at Southern shows.

LADY NUNNDALE FAVORITE 5th—Is a very thick, deep-bodied, low-set heifer with a beautiful head. Her sire has been a consistent producer of thick, low-to-the-ground bulls and females that sold at good prices. Breeding date to be announced sale day.

An amateur snapshot of six open heifers by Juggler's Type x and C F Collynie 9th x. All of them sell in this sale.

# The Quality You Need To Go Forward!

Lady Nunndale Favorite 2nd. Grand champion female, 1955 Mid-South Fair, Memphis. She sells in this sale.

No one ever stands still in the cattle business. You either go forward or slip behind. The commercial cattleman realizes this most of all. That is why there are far more buyers for your better bulls at a better price than for your plain bulls at a cheap price.

You can't raise even a top bull for a commercial breeder out of mediocre purebred stock. If you are not getting along as well as you would like, why not take a good look at the bottom end of your herd. Replace them, this spring, while prices are so favorable to you, with the kind of quality and breeding offered in this sale.

The two herds participating in this sale have not let distance or investment stand in their way. That is why they can offer the kind of cattle you see here.

The five herd sires in service in these herds . . . Leveldale Asset, Baron Leveldale, LoMar Favorite, Juggler's Type x, and C F Collynie 9th x make up as powerful an array of sires as there is in the nation.

## A GREAT GROUP OF FEMALES BRED BY CHENNAULT TODD

After purchasing Leveldale Asset for \$5100 and Baron Leveldale for \$3100 in the 1955 Mathers sale, and having on hand the great sire LoMar Favorite, Dr. Poston thought it important to offer the service of these great bulls in this sale. Not having a sufficient number of heifers of the proper age, he traveled extensively in search of the right group of royally bred, top quality heifers. He purchased lots 18, 19, 20, 21, 22, 23, 24, 25, 26 and 27 from the well known Chennault Todd herd, Fayette, Missouri. These are half sisters to the females purchased by Alabama Polytechnic Institute, Auburn, for the foundation of their Shorthorn herd. The Auburn herd is considered one of the best in the entire South. You can buy the same foundation as they did, plus the added advantage of having them bred to great bulls like LoMar Favorite, Leveldale Asset, and Baron Leveldale.

Clunny Merry Monarch, the sire of many of these heifers, is an imported son of the Perth champion Ballechin Rodney and is one of the few bulls in service in this country out of a dam by Naemoor Immaculte, considered by many Scotland's most potent sire of the 1940's.

**WAWYLO TYPE JEALOUSY**—A beautiful heifer as you can see from her picture and beautifully bred along with it. A rich dark red, double bred calf of Killearn Max Juggler. The cow families in this pedigree are outstanding producers. This heifer has a grand head, is exceptionally thick all the way, is deep, low-set, and as smooth as they come. We didn't want to sell her but you know how a sales manager will twist your arm, particularly for your first farm sale . . . well, here she is and we're mighty proud of her. She, of course, sells open and is calfhood vaccinated.

WAWYLO A HILDA—A smooth heifer with a lot of substance and brood cow promise. The dam of this heifer is a heavy milker and an unusually good producing cow. This heifer has only been on grain some 5 or 6 weeks so is not carrying the flesh that she would otherwise. She is due to calve April 15, 1956 to WaWylo Satisfaction 2nd who is selling in this sale. Calfhood vaccinated.

Ashbourne Rosewood 6th. Purchased by W. H. and Walter Dilatush in the Browns of Kentucky sale. A first prize winner at many shows. She is the dam of WaWylo Collynie 3rd x, the young bull retained for service, and service sire of lot 39. Ashbourne Rosewood 6th is also the granddam of Lot 1, WaWylo Juggler's Type 2nd x.

PALL MALL'S LENA—A really sweet heifer by Ranewood Ransom, a real breeding bull, that sells in this sale. This heifer is well balanced in her general make-up, level and straight in her lines and uniform in her thickness. She's a good-headed, smooth, deep-bodied heifer that has the making of a real brood cow. She is 4½ months in calf to our junior herd sire, WaWylo Collynie 3rd, a rugged son of our C F Collynie 9th possessing a lot of scale and weight for age coupled with correct balance and type. This calf has a lot of bone and substance, is thick, deep, and as smooth as they come. A wonderfully bred calf showing a lot of promise.

# A Special Message to Commercial Cattle Breeders

The figures shown in this table are important **TO YOU**. The table tells in pounds and dollars the superiority of Shorthorns in the 1955 Virginia Feeder Calf Sales. No explanation is necessary because the figures speak for themselves. Note that in every single category the Shorthorns outweighed the overall average of the other breeds and when you consider that Shorthorns have been figured into the all-breed summary, the figures show a tremendous advantage for Shorthorns. Study this table carefully:

## **OF**

### **AMERICAN SHORTHORN BREEDERS ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or county into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Where footnotes appear in this catalog, they were furnished by the consignor or written from information supplied by the consignors.

We shall not be responsible or liable for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests. The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. The sale manager was retained for the specific tasks of handling the publicity and preparing the catalog. Neither the sale manager nor the clerk assumes any liability.

**AIRPLANE LANDING STRIP** — There is an airplane landing strip on our farm. We will have an airplane parked on it to further identify it. It is approximately three air miles from the Naval Air Strip at Millington to our landing strip. Those who might come to this sale in a private plane are most welcome to use our landing strip.

## SPECIAL OFFER TO JUNIORS

The owners wish to do everything they can to encourage the purchase of Shorthorn and Polled Shorthorn heifers by boys and girls. Any junior buying a bred heifer will be given the opportunity to bring her back after she has calved and have her re-bred. Any junior buying an open heifer may have her bred.

This sale is being held at the time of the Memphis Fat Stock show which features junior activities. It will be a convenient time for boys and girls to come to Memphis, attend the show and this sale.
